

Cycle 1 (01/01 - 01/27) Change Log

BT Tech 🤖 Team Summary:

- 12 💡 Features Added
- 2 🐛 Bugs Squashed
- Some Highlights:
 - 200 childcare centers from the Boston area have been imported into Big Top. Users have the ability to filter the centers based on relevant criteria.
 - Affiliate placement and provider search forms have been reorganized and updated to require more useful information.
 - Added preferred name and phonetic spelling to clients. Users have the option to fill this information out on the intake.

Feature Improvements/Additions:

- Imported Massachusetts childcare data into BT and added ability to filter.
- Updated affiliate placement form and provider search form.
 - Forms now ask for more client information and require more fields.
- Ability to update search criteria on affiliate placements, and ability to add/update search criteria on provider searches.
- Users can now refer clients to Tina Kinard and custom emails will be sent out to Tina and the client.
- Increased the credential options for providers.
 - Added LMHC, LCPC, EdD
- Made organization and address of client required when Perspective case managers submit intakes.
- Removed Chris Bouchard from participant count emails.
- Added preferred name and pronunciation to intakes.
- Added bullet points and lists to text boxes across BT.
- Added links to the organizations that show on account manager dashboards.
- Removed details icon on tasks that do not have details.
- Added ability to link organizations that are easily confused for one another.

Bug Fixes:

- Reinstated sort buttons on the table of events which shows on vendor profiles.
- Removed the button on affiliate dashboards that lead to the non-functional affiliate availability calendar.
